This set includes all seven books of The Lost Chronicles series: The Spell of the Crystal Chair, The Savage Games of Lord Zarak, The Strange Creatures of Dr. Korbo, The City of the Cyborgs, The Temptations of Pleasure Island, The Victims of Nimbo, and The Terrible Beast of Zor. Lost Chronicles of several adventures of the Seven Sleepers have been discovered! Come along with Josh, Sarah, and the gang as they are sent by Goel, their spiritual leader, on dangerous and challenging missions to help thwart the plans of the Dark Lord.

John of Glastonbury's chronicle represents an attempt to summarise the lore and learning about Glastonbury Abbey and its past available in the fourteenth century, a body of knowledge which changed very little before the Reformation. The author drew on a large number of sources and edited these skilfully to form his narrative, while preserving the earlier text almost intact. The result is the fullest medieval account of the abbey and its legends, and this edition will be very welcome, drawing as it does on the latest research. A translation is included, which makes the important text available in English for the first time, and the whole volume is designed as a companion to John Scott's edition and translation of William of Malmesbury's twelfth century account of the abbey's history.
