British

Imperialism in

History provides a range of textbooks and advanced history courses, focusing on key periods and themes in British and European history.

The focus of this volume is Britain's trans-Pacific empire.

Read Book

British

This began with haphazard challenges to Spanish dominion, but by the end of the 18th century, the British had established a colony in Australia and had gone to the brink of war with Spain to establish trading rights in the north Pacific. These rights led to formal colonies

Read Book

British

in Vancouver Island and British Columbia, when Britain sought to maintain a north Pacific presence despite American expansionism. In the later 19th century the international 'scramble for the Pacific' resulted in new British colonies and protectorates in the Pacific islands.

Read Book

British

The result was a complex imperial presence, created from a variety of motives and circumstances. The essays selected here take account of the wide range of economic, political and cultural factors which prompted British expansion, creating tension in

Read Book

British

Britain's imperial identity in the Pacific, and leaving Pacific peoples with a complicated and challenging legacy. Along with the important new introduction, they provide a basis for the reassessment of British imperialism in the Pacific region.

Read Book

British

Less than a year after the assassination of President Kennedy brought Lyndon B. Johnson to the White House, Harold Wilson became British Prime Minister. Over the next four years, the two men governed their countries through unprecedented crises, both domestic and

Read Book

British

international. To provide a better understanding of the transatlantic relationship, this volume provides for the first time all the correspondence between Wilson and Johnson from the time Wilson became Prime Minister in October 1964 until Johnson stepped down as

Read Book

British

Imperialism in January 1969. This period witnessed Britain's accelerated 'retreat from Empire' and the United States' correspondingly active role in confronting communist influence across the globe. The letters between Wilson and Johnson reveal the difficulties

Read Book

British

they faced during this period of transition. In particular, the issue of the Vietnam War looms large, as Wilson's refusal to commit British forces, and his sponsorship of peace initiatives, served to place severe strain on relations between the two men. Other significant topics

Read Book

British

Imperialism
1750-1970

which re-occur in the correspondence include American attempts to stiffen Britain's resolve to preserve the value of the pound, the almost continual British defence reviews, the future of the British Army on the Rhine, the French withdrawal from NATO, the 1967 Arab-Israeli War, East-

British

Imperialism
1730-1970

came under British authority. There has been a lively debate in recent years about whether empires generally are good or bad things, and the British Empire has been very much at the centre of that debate, with a number of voices arguing that it was a kinder, gentler Empire than its rivals.

Read Book

British

This book speaks specifically to that debate, and also to a second and equally vigorous debate about whether anyone in Britain actually cared about the possession of an Empire.

P.J. Marshall deals with a crucial period in the history of the British empire in trying

Read Book

British

to explain how the British at the same time lost an empire in North America, while winning one in parts of India. He shows that British objectives were much the same all over the world.

The Rise of Free Trade Imperialism seeks to uncover some of the

Read Book

British

intellectual origins of the imperialism of the classic period, the sources from which later theories of imperialism were constructed, and the character of the ideology which underlay the dismantling of the old colonial system and the construction of the Victorian Pax

Read Book

British

Britannica. The author discusses the development and diffusion of a number of the central arguments of the 'science' of political economy, from the standpoint of a historian rather than an economist, which were crucial not only to the construction of theories of capitalist

Read Book

British

imperialism, but also served as a spur both to efforts at colonization, and to establishing a British Workshop of the World.

Comprehensive history of British conceptions of empire from the 1540s to the 1740s.
