Whether a woman is a contractor, a stay-at-home mother, or a high-powered attorney, the suggestions in How to Be a Lady will cause others to think "Wow! She's got it all together!" If a lady is on a diet, she does not speak of it at the table A lady never eats a meal while behind the wheel of a car A lady makes it a point to know the names of the teams playing in the Super Bowl The roles women play in society today are drastically different than they were 25 years ago, and some of the rules are different as well. "Somewhere along the way," says the author, "the art of being a lady was lost in the shuffle to become a self-sufficient, straight shooting, aggressive survivor in the world . . . Some of us lost sight of the rewards that being a lady could bring." How to Be a Lady is a practical book of etiquette that is not snobbish, boring, or intimidating. Designed for a new century, it addresses such issues as how to dress for the workplace, the importance of knowing self-defense, and how to deal with divorced friends and unmarried couples.

School, clubs, soccer practice, piano lessons, study groups, latte with friends, dinner with grandparents, sleepovers, birthday parties, shopping—young ladies today are always on the go, their busy lives filled with activities and socializing. Girls interact with more people and in more places than ever before. But all of those opportunities to build friendships, make a good impression, and enjoy exciting experiences can go awry if she hasn't learned the basics of good conduct, respectful interaction, and thoughtful behavior. While the formal rules of etiquette are not taught the way they once were, good manners are as critical today as they ever were. 50 Things Every Young Lady Should Know provides a modern update on the ageless idea that girls should know appropriate and courteous responses to any given situation. Good manners aren't just some quaint idea and old-fashioned concept from the past. They're an essential aspect of every young lady's path to adulthood and the skills she will need to thrive in whatever she chooses to do. In an ever-changing world, good manners never go out of style.

A Lady at the Table will give any woman the knowledge she needs to maneuver any dining situation - from a casual meal of fried chicken at her mom's house to a seven-course dinner at the finest restaurant in the world. It includes. . . How to set a table How to pronounce more than 100 different food names How to use obscure eating utensils How to perform the Heimlich maneuver How to eat more than 25 foods that are challenging to eat gracefully such as lobster, snails, fried chicken, and pasta. In a society where more and more people eat with plastic forks and spoons at fast food restaurants, it is still important that a lady know proper dining etiquette. Showing she has little working knowledge of table manners at a lunch meeting or on a job interview over dinner may have an important impact on a woman's life. Like all the books in the GentleManners series, A Lady at the Table is easy to use, non-threatening, and an entertaining read. In addition to containing similar information as A Gentleman at the Table, A Lady at the Table deals with topics that apply uniquely to women such as how to respond when men rise as you

leave or approach the table, how to react when a chair is pulled out for you and when it isn't, what to do when a man orders for you, and how to pay the check graciously when you are hosting a man.

So much depends on being a lady. A true one knows that the question, "How are you today?" isn't an invitation for her to unload the day's ordeals. She knows that her unsolicited opinion of a friend's fuzzy lime green sweater dress isn't necessary, and she certainly knows better than to nag or spout gender clichés when the man in her life refuses to stop and ask for directions. As a Lady Would Say is every woman's guide to being delicate in an indelicate world of awkward situations, difficult people, and thorny social dynamics. Sheryl Shade's clever cataloging of real-world scenarios is a humorous look at how a lady should respond in any number of life's irksome situations, along with a guide to which words should never leave her mouth. Get ready to question your own feminine sensibilities, and examine the way you interact with the world around you.

"Whether a woman is a contractor, a stay-at-home mother, or a high-powered attorney, the suggestions in How to Be a Lady will cause others to think "Wow! She's got it all together!" If a lady is on a diet, she does not speak of it at the table. A lady never eats a meal while behind the wheel of a car. A lady makes it a point to know the names of the teams playing in the Super Bowl. The roles women play in society today are drastically different than they were 25 years ago, and some of the rules are different as well. ... a practical book of etiquette ... designed for a new century by discussing such issues as how to dress for the workplace, the importance of knowing self defense, and how to tactfully ask for the sexual history of a person with whom a lady is considering an intimate relationship."--Publisher description.

The Art of the Visit is an invaluable resource for the socially minded. During tough economic periods people tend to visit with family and friends for a mini-vacation instead of taking more expensive trips. This practical and humorous guide establishes the ground rules for successfully spending time with those people who are most dear to us. Full of anecdotes from the author's experiences, The Art of the Visit illustrates the dos and don'ts of extended visiting from start to finish so that the reader can become the perfect host and/or the perfect guest.

The original What Not to Wear from one of fashion's most enduringly stylish women ... Written by French style guru Madame Genevieve Antoine Dariaux, Elegance is a classic style bible for timeless chic, grace, and poise -- every tidbit of advice today's woman could possibly need, all at the tips of her (perfectly manicured) fingers. From Accessories to Zippers, Madame Dariaux imparts her pearls of wisdom on all things fashion-related -- and also offers advice on other crucial areas in life from shopping with girlfriends (don't) to marriage and sex.

The goal of the GentleManners series of books is quite simple--to provide people with the tools they need to make this planet a nicer, more civilized place to live. This attractive slip cased collection contains 3 books written for men: HOW TO BE A GENTLEMAN AS A GENTLEMAN WOULD SAY A GENTLEMAN GETS DRESSED UP Each of the three books in this set will arm men of all ages with the knowledge to fit in and feel comfortable in almost any social or business setting.

Being a gentleman isn't just being a nice guy, or a considerate guy, or the type of guy someone might take home to meet their mother. A gentleman realizes that he has the unique opportunity to distinguish himself from the rest of the crowd. He knows when an email is appropriate, and when nothing less than a handwritten note will do. He knows how to dress on the golf course, in church, and at a party. He knows how to breeze through an airport without the slightest fumble of his carry-on or boarding pass. And those conversational icebreakers--"Where do I know you from?" A gentleman knows better. Gentlemanliness is all in the details, and John Bridges is reclaiming the idea that men-gentlemen-can be extraordinary in every facet of their lives.

* 'This is brilliant and timely' Elizabeth Day 'Part memoir, part manual - this is the type of book every modern woman can take something from' Grazia Learn to navigate the harshness of life with soft power. In her debut book, Lotte Jeffs weaves powerful life experience with practical advice and a psychological deep-dive into what truly constitutes an emotionally rich and meaningful existence. She speaks to everyone from agony aunts and archaeologists, to pop stars and novelists, to explore a diverse picture of what it is to truly live life well. How to be a Gentlewoman will teach you how to slow down, lean out, recognize good relationships and let go of the bad, create a space you love, find your people and construct a happy and 'joined up' sense of yourself. The gentle antidote to a brutal world. For fans of Dolly Alderton's Everything I Know About Love and Elizabeth Day's How to Fail.
