La présente monographie, consacrée à une version de La Mésuse que les plus éminents spécialistes du Caravage s'accordent à reconnaître comme une œuvre autographe, retrace le parcours de cette reconnaissance récente. C'est la ressemblance avec le célèbre tableau conservé à la Galerie des Offices à Florence et les similitudes dans la technique picturale sur le support en bois qui ont incité les experts à se pencher sur l'énigme de cette deuxième Mésuse. L'hypothèse selon laquelle Le Caravage réalisait des "doubles", la qualité remarquable de la facture et le témoignage de Murtola, poète contemporain de l'artiste, ont fini par les convaincre de l'existence d'une autre version de l'œuvre. Les radiographies et réfectographies, qui révèlent lentement la genèse de l'œuvre, emportent définitivement leur conviction et permettent même de conclure qu'il s'agit de la première version du sujet. L'enquête a été menée selon une double démarche, l'une classique, celle d'une recherche historique et stylistique, l'autre plus moderne, qui fait appel à la technique et débouche sur de nouvelles méthodes d'analyse. Le chef-d'œuvre caravagesque devient l'objet privilégié d'une passionnante enquête où les techniques d'investigation sophistiquées étayent et interrogent l'étude d'archives et l'analyse stylistique du tableau, ouvrant ainsi de nouvelles voies d'exploration et amenant à renouveler notre regard sur l'œuvre. Ce travail considérable des experts est complété par un appareil iconographique exceptionnel qui permet aux spécialistes et à tous les amoureux de l'art d'approfondir leur connaissance de cette œuvre.
