" A witty, inventive, and bittersweet " (Beth Hoffman, New York Times bestselling author) love story for anyone who ' s ever wanted something—or someone—just out of reach, Close Enough to Touch will delight fans of Jojo Moyes ' s One Plus One and Graeme Simsion ' s The Rosie Project. Can you miss something you never had? Jubilee Jenkins is no ordinary librarian. With a rare allergy to human touch, any skin-to-skin contact could literally kill her. But after retreating into solitude for nearly ten years, Jubilee ' s decided to brave the world again, despite the risks. Armed with a pair of gloves, long sleeves, and her trusty bicycle, she finally ventures out the front door—and into her future. Eric Keegan has troubles of his own. With his daughter from a failed marriage no longer speaking to him, and his brilliant, if psychologically troubled, adopted son attempting telekinesis, Eric ' s struggling to figure out how his life got so off course, and how to be the dad—and man—he wants to be. So when an encounter over the check-out desk at the local library entangles his life with that of a beautiful—albeit eccentric—woman, he finds himself wanting nothing more than to be near her. Charming and utterly unique, Close Enough to Touch is " a story that overflows with compassion, humor, and the impulsive need to read just one more chapter until you reach the very satisfying end " (Patti Callahan Henry, New York Times bestselling author).

A People and US Weekly Pick " An impressive feat...an immensely entertaining, moving, and believable read " (Atlanta Journal-Constitution), this debut novel in the bestselling tradition of P.S. I Love You revolves around a young woman with breast cancer who undertakes a mission to find a new wife for her husband before she passes away. Twenty-seven-year-old Daisy already beat breast cancer four years ago. How can this be happening to her again? On the eve of what was supposed to be a triumphant " Cancerversary " with her husband Jack to celebrate four years of being cancer-free, Daisy suffers a devastating blow: her doctor tells her that the cancer is back, but this time it ' s an aggressive stage four diagnosis. She may have as few as four months left to live. Death is a frightening prospect—but not because she ' s afraid for herself. She ' s terrified of what will happen to her brilliant but otherwise charmingly helpless husband when she ' s no longer there to take care of him. It ' s this fear that keeps her up at night, until she stumbles on the solution: she has to find him another wife. With a singular determination, Daisy scouts local parks and coffee shops and online dating sites looking for Jack ' s perfect match. But the further she gets on her quest, the more she questions the sanity of her plan. As the thought of her husband with another woman becomes all too real, Daisy ' s forced to decide what ' s more important in the short amount of time she has left: her husband ' s happiness—or her own?

Piper Parrish's life on Frick Island—a tiny, remote town smack in the middle of the Chesapeake Bay—is nearly perfect. Well, aside from one pesky detail: Her darling husband, Tom, is dead. When Tom's crab boat capsized and his body wasn't recovered, Piper, rocked to the core, did a most peculiar thing: carried on as if her husband was not only still alive, but right there beside her, cooking him breakfast, walking him to the docks each morning, meeting him for their standard Friday night dinner date at the One-Eyed Crab. And what were the townspeople to do but go along with their beloved widowed Piper? Anders Caldwell's career is not going well. A young ambitious journalist, he'd rather hoped he'd be a national award-winning podcaster by now, rather than writing fluff pieces for a small town newspaper. But when he gets an assignment to travel to the remote Frick Island and cover their boring annual Cake Walk fundraiser, he stumbles upon a much more fascinating tale: an entire town pretending to see and interact with a man who does not actually exist. Determined it's the career-making story he's been needing for his podcast, Anders returns to the island to begin covert research and spend more time with the enigmatic Piper—but he has no idea out of all the lives he's about to upend, it's his that will change the most. USA Today bestselling author Colleen Oakley delivers an unforgettable love story about an eccentric community, a grieving widow, and an outsider who slowly learns that sometimes faith is more important than the facts.

A 28-year-old recluse with a unique allergy to physical contact with other people is forced to reenter the world after her mother's death, finding friendship with a 10-year-old troubled boy and love with his adoptive father.

A startling and evocative novel, harkening to both One Day and Gravity, a man and a woman revisit memories of their love affair on a utopian Earth while they are trapped in the vast void of space with only ninety minutes of oxygen left. After the catastrophic destruction of the Middle East and the United States, Europe has become a utopia and, every three years, the European population must rotate into different multicultural communities, living as individuals responsible for their own actions. While living in this paradise, Max meets Carys and immediately feels a spark of attraction. He quickly realizes, however, that Carys is someone he might want to stay with long-term, which is impossible in this new world. As their relationship plays out, the connections between their time on Earth and their present dilemma in space become clear. When their air ticks dangerously low, one is offered the chance of salvation—but who will take it? An original and daring exploration of the impact of first love and how the choices we make can change the fate of everyone around us, this is an unforgettable read.

Sixteen years ago, a teenaged Will Sterling saw—or rather, heard—the girl of his dreams. Standing beneath an apartment building balcony, he shared a perfect moment with a lovely, warm-voiced stranger. It's a memory that's never faded, though he's put so much of his past behind him. Now an unexpected inheritance has brought Will back to that same address, where he plans to offload his new property and get back to his regular life as an overworked doctor. Instead, he encounters a woman, two balconies above, who's uncannily familiar. . . . No matter how surprised Nora Clarke is by her reaction to handsome, curious Will, or the whispered pre-dawn conversations they share, she won't let his plans ruin her quirky, close-knit building. Bound by her loyalty to her adored grandmother, she sets out to foil his efforts with a little light sabotage. But beneath the surface of their feud is an undeniable connection. A balcony, a star-crossed couple, a fateful meeting—maybe it's the kind of story that can't work out in the end. Or maybe, it's the perfect second chance. . .

NATIONAL BESTSELLER "Glitter Guide " s " Must Reads for April " "PopSugar ' s " Ultimate Summer Reading " "Bustle ' s Books to Read and Discuss With Your Mom and Grandma *New York Live ' s " Ashley ' s A-List " Pick " One of the hottest new Southern writers. " —Parade From the next " major voice in Southern fiction " (Elin Hilderbrand, New York Times bestselling author) comes the first in an all-new series chronicling the journeys of three sisters and their mother—and a secret from their past that has the potential to tear them apart and reshape their very definition of what it means to be a family. Caroline Murphy swore she ' d never set foot back in the small Southern town of Peachtree Bluff: she was a New York girl born and bred and the worst day of her life was when, in the wake of her father ' s death, her mother selfishly forced her to move—during her senior year of high school, no less—back to that hick-infested rat trap where she'd spent her childhood summers. But now that her marriage to a New York high society heir has fallen apart in a very public, very embarrassing fashion, a pregnant Caroline decides to escape the gossipmongers with her nine-year-old daughter and head home to her mother, Ansley. Ansley has always put her three daughters first, especially when she found out that her late husband, despite what he had always promised, left her with next to nothing. Now the proud owner of a charming waterfront design business and finally standing on her own two feet, Ansley welcomes Caroline and her brood back with open arms. But when her second daughter Sloane, whose military husband is overseas, and youngest daughter and successful actress Emerson join the fray, Ansley begins to feel like the piece of herself she had finally found might be slipping from her grasp. Even more discomfiting, when someone from her past reappears in Ansley's life, the secret she ' s harbored from her daughters their entire lives might finally be forced into the open. Exploring the powerful bonds between sisters and mothers and daughters, this engaging novel is filled with Southern charm, emotional drama, and plenty of heart.
