Some dreams or visions, if they are symbolic in nature, require an interpretation. This unique book "Daniel: Understanding the Dreams and Visions" unlocks and explains the structure and mysteries of the prophecies in the book of Daniel. It reveals the keys that the prophet Daniel has presented to unlock the prophecies of the Bible. "Daniel" expounds the prophecies in four distinct visions of how God has revealed the rise and fall of the seven earthly kingdoms/empires many centuries in advance. The truths of these prophecies have withstood every attack from every scholar and skeptic. According to the Talmud and the Hebrew Scriptures, Daniel received and interpreted dreams and visions, similar to many other Jewish prophets. This new book brings much needed clarity to the text of the prophecies of Daniel through the definitions of codewords, maps, pictures, illustrations, charts, tables and secular historical records. The Author adds comments only where necessary. An understanding of the Old Testament book of Daniel will set the foundation for a better understanding the prophecies in the book of Revelation. In this book the author adopts a detailed but simple approach to an intricate and complex web of
