SOCIOLOGY: THE ESSENTIALS, Ninth Edition, uses the theme of debunking myths to look behind the facades of everyday life, challenge common assumptions, and help students develop critical thinking skills as well as better understand how society is constructed and sustained. This thorough yet streamlined text employs a reader-friendly presentation and manageable structure, while maintaining a strong focus on sociology concepts, methods, and research. Updated throughout with coverage of the latest findings, trends, and themes, the text provides exceptional coverage of diversity, including social factors such as age, religion, sexual orientation, and region of residence in addition to race, ethnicity, class, and gender. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The rich history and social significance of the “ Divine Nine ” African American Greek-letter organizations is explored in this comprehensive anthology. In the long tradition of African American benevolent and secret societies, intercollegiate African American fraternities and sororities have strong traditions of fostering brotherhood and sisterhood among their members, exerting considerable influence in the African American community and being in the forefront of civic action, community service, and philanthropy. Dr. Martin Luther King, Jr., Toni Morrison, Arthur Ashe, and Sarah Vaughn are just a few of the trailblazing members of these organizations. African American Fraternities and Sororities places the history of these organizations in context, linking them to other movements and organizations that predated them and tying their history to the Civil Rights movement. It explores various cultural aspects of the organizations, such as auxiliary groups, branding, calls, and stepping, and highlights the unique role of African American sororities.

Robert's Rules of Order Newly Revised, commonly referred to as Robert's Rules of Order, RONR, or simply Robert's Rules, is the most widely used manual of parliamentary procedure in the United States. It governs the meetings of a diverse range of organizations-including church groups, county commissions, homeowners associations, nonprofit associations, professional societies, school boards, and trade unions-that have adopted it as their parliamentary authority. The manual was first published in 1876 by .US Army officer Henry Martyn Robert, who adapted the rules and practice of Congress to the needs of non-legislative societies. Ten subsequent editions have been published, including major revisions in 1915 and 1970. The copyright to Robert's Rules of Order Newly Revised is owned by the Robert's Rules Association, which selects by contract an authorship team to continue the task of revising and updating the book. The 11th and current edition was published in 2011. In 2005, the Robert's Rules Association published an official concise guide, titled Robert's Rules of Order Newly Revised In Brief. A second edition of the brief book was published in 2011.
