Born during the Civil War, Josephus Daniels has lived a remarkably full life and played a substantial part in one of the most significant periods of our nation's history. This volume of the autobiography of Wilson's secretary of the navy covers the period up to the year 1893 and is concerned with his early interests, his schooling, and his early ventures into the field of journalism. Originally published in 1939. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

A spirited reevaluation of the public moralists who shaped public policy in nineteenth-century America, *Mugwumps: Public Moralists of the Gilded Age* provides a refreshing look at a group of Americans whose importance to the history of our country has commonly been dismissed. A public interest group that labeled the generation following the American Civil War as the "Gilded Age," Mugwumps were college-educated individuals who lived the lessons of their moral philosophy--Christian values, republican virtue, and classical liberalism. Tracing Mugwump values back before the term was commonly used, Tucker defines these liberals as benevolent and altruistic, active campaigners against slavery and imperialism, and for sound money, lower tariffs, and civil service reform. The earliest Mugwumps took on the self-assigned task of advocating public principles over private interests. Evaluations of these public moralists during the 1950s and 1960s, however, did not paint the Mugwumps in so positive a light. Awash in the popular New Deal public policies that advocated positive government intervention and regulation in the economy, these studies dismissed Mugwump liberalism as outdated. More specifically, the reformers were criticized as

being self-interested failures. Tucker obliges readers to look beyond such dismissals to the history and accomplishments of Mugwumps as a whole. Unlike previous historians, Tucker examines the antebellum roots of the Mugwumps and follows their ever-increasing participation in American government throughout the nineteenth century. Tucker portrays Mugwumps not as selfish agents of the middle class but as fascinating practitioners of eighteenth-century public virtue and nineteenth-century social science. This book forcefully challenges previous studies on the Mugwumps and restores these public moralists to the mainstream of nineteenth-century American history. Their concerns for morality and free-market economics are again fashionable in contemporary politics and deserving of fresh attention from both the general reader and the scholar.

Avid Editing is a comprehensive guide covering Avid Xpress Pro, XPress Pro HD, and Xpress DV. Due to the similarity of Avid's interface across product lines, it is also relevant for Media Composer and other systems. Suitable for beginning editors or experienced editors new to the Avid, the book provides step-by-step instructions for hundreds of editing tasks in jargon-free terms. The chapters guide you through an editing project, while the accompanying DVD provides narrative footage to download for immediate, hands-on practice. The book can be read and studied at home, or while sitting in front of an Avid, following the book's step-by-step instructions. More than a software manual, this book delves into general editing techniques, principles, and pitfalls. The author is an experienced teacher who will help you master the Avid as well as improve your overall editing skills. This edition covers working with HD, the 16:9 widescreen, and the powerful Script Integration tool. In addition, there's new coverage of the issues facing indie filmmaker who is trying to decide how to go from the DV stage (shooting on mini-DV or DVCAM formats) to theatrical distribution. As well, there is new material on using Avid in PAL regions.

An ideal introductory text for aspiring teachers, *Introduction to Teaching: Making a Difference in Student Learning* is grounded in the realities and complexities found in today's schools. Acclaimed authors Gene E. Hall, Linda F. Quinn, and Donna M. Gollnick thoroughly prepare students to make a difference as teachers, presenting firsthand stories and evidence-based practices while offering a student-centered approach to learning. The authors focus on how to address one of the biggest challenges facing many of today's schools—ensuring that all students are learning—and help teachers prioritize student learning as their primary focus. From true-to-life challenges that future teachers will face, such as high-stakes testing, reduced funding, low retention, and Common Core State Standards, to the inspiration and joy they will experience throughout their teaching careers, the Third Edition paints an importantly authentic picture of the real life of a teacher. A Complete Teaching & Learning Package Contact your rep to request a demo, answer your questions, and explore the robust tools and resources available with this text. An Introduction to Young Children with Special Needs: Birth Through Age Eight is a comprehensive introduction to educational policies, programs, practices, and services for future practitioners serving young children with delays or disabilities in early intervention-early childhood special education (EI-ECSE). Thoughtfully addressing the needs of children at risk for learning or development delays or disabilities, revered authors Richard M. Gargiulo and Jennifer L. Kilgo offer evidence-based interventions and instructional techniques that provide students with a broad understanding of important theoretical and philosophical foundations, including evidence-based decision making, developmentally appropriate practices, cultural responsiveness, and activity-based intervention. The Fifth Edition includes the latest developments in and influences on the field of early intervention and early childhood special education, including the Division for Early Childhood's (DEC) Recommended Practices, which are infused throughout the text. With the support of this current and innovative book, readers will gain a firm understanding of the complex field of EI-ECSE to assist them in their future study and careers.
