*Generative  
Design*

A great book on generative design or creative coding. It serves well as introduction to the java-based

language/library Processing, with which all examples in the

# Download Free Generative

Design have been  
produced. The  
book features an  
interesting mix  
of different  
kinds of  
visualizations  
including 2D and  
3D animations,  
Agent-based  
automation,  
particle  
systems, image  
manipulation,
