The lone wolf is often discussed in spiritual circles because many spiritual seekers relate to the journey that a lone wolf must take to redefine their identity and place in the world. The lone wolf represents spiritual independence and breaking off from the status quo in order to find one's inner truth and align with one's highest self. The lone wolf makes the hard decision to walk alone, instead of staying with the pack that is holding them back in life.

A lone wolf is a wolf that lives independently rather than with others as a member of a pack. Lone wolves are typically either older female wolves driven from the pack, perhaps by the breeding male, or young adults in search of new territory. Many young female wolves between the ages of one to four years old leave their family to search for a pack of their own.

Once the Lone Wolf has taken the oath, he then prepares himself for the ensuing battle, both mentally and physically, rejecting any company from others. On the eve of battle, it is often a sight of great awe as Lone Wolves advance on the enemy, their gaze fixed upon a single target that they will stop at nothing to slaughter. Many Lone Wolves do not fulfill their own self-prophecy and are inevitably slain in the process, being rejoined with their fallen wolf pack with a fine tale to tell.

Abandoned by his pack, a baby wolf with a mysterious mark on his deformed paw survives and embarks on a journey that will change the world of the wolves of the Beyond.

From bestselling author Katherine Lasky comes the first book in WOLVES OF THE BEYOND, a stunning new spinoff from her legendary owl series, Guardians of Ga'hoole.A wolf mother has given birth, but the warm bundle snuffling next to her brings only anguish. The pup, otherwise healthy, has a twisted leg, and the mother knows what the harsh code of the pack demands. Her pup will be taken from her and abandoned on a desolate hill. The pack cannot have weakness - the wolf mother knows that her pup is condemned to die.But alone in the wilderness, the pup, Faolan, does not perish. This his story - a story of survival, of courage, and of love triumphant. This is Faolan's story, the wolf pup who rose up to change forever the Wolves of the Beyond.

After earning the right to return to the wolf pack that abandoned him, the exiled Faolan joins the clan as a lowly "gnaw wolf," but his goal of rising in the pack order is threatened when a jealous rival frames him for an unspeakable crime.

When a terrible danger threatens the wolves of the Beyond, outsider Faolan must take a leadership role and inspire the pack to stand together.

Faolan, poised to take his place as a member of the revered Wolves of the Watch, may be the only one who can stop Dunbar MacHeath and his clan from provoking a war between the Watch and the bears.

Bestselling author Kathryn Lasky's hit series - a stunning spin-off set among the wolves of Ga'hoole. Faolan has always been an outsider. Exiled as a pup, then shunned by his fellow wolves for his unusual connection to the bears, Faolan has struggled to earn a place in the pack. But a terrible danger is looming on the horizon, and Faolan is the only one who knows how to fight it. Will he be able to claim his rightful place as leader? Unless Faolan can inspire the pack to stand together, it could be the end of the wolves of the Beyond.

When earthquakes and erupting volcanoes strike the Beyond, Faolan and the other surviving wolves must head for the Distant Blue, where they hope to find a new home.

An omega betrayed by his pack...and the lone wolf who must risk everything to save him. Henry Wright was supposed to be dead. Since the night his alpha dumped him in the dangerous ruins of Old Detroit, life has been an unending nightmare for the packless omega. Left to scavenge for food and evade the savage creatures infesting the city, Henry's become good at surviving-until his luck fails and leaves him trapped on a rooftop with monsters closing in. Then out of nowhere, help arrives in the form of a tall, swaggering stranger with rugged good looks and a sexy glint in his eyes. Their night of passion, intensified by their brush with death, leaves Henry breathless. But that isn't the only thing he's left with. Thanks to the genetic mutation shared by omegas, Henry is pregnant. And with all that's going down in the city, Tom might not be there to save him again. Especially when Henry's former alpha learns Henry is still alive. Tom Reinhart doesn't mess around. Wealthy clients pay the lone wolf to sneak into the ruins of Old Detroit, retrieve what they want-diamonds, cash, heirlooms-and get out alive. But his latest run goes belly up when he saves the life of an omega wolf with haunting amber eyes that grab him by the balls and won't let go. As former airborne military, Tom's used to danger. He knows better than to let a pair of pretty eyes distract him. But the little omega dredges up Tom's protective instincts and the need to care for a mate. Sadly, the only things the lone wolf can't give are the things the omega wants most-the security of a pack and a family of his own. Tom will never again submit to an autocratic alpha. But the pack who wants Henry silenced is too strong to handle alone. To save his precious golden-eyed mate and their unborn son, Tom must swallow his pride and seek the help of another alpha-Jake Kross of the St. Clair Pack. The epitome of everything Tom hated about his previous life... Reader note: contains M/M Mpreg, wolf shifters, hot romance elements, and male male love

An enchanting and evocative look at the unique relationship between a solitary, island-dwelling wolf and a renowned wildlife photographer. A lone wild wolf lives on a small group of uninhabited islands in British Columbia's Salish Sea, surrounded by freighter, oil tanker and other boat traffic and in close proximity to a large urban area. His name is Takaya, which is the Coast Salish First Nations people's word for wolf. Cheryl Alexander studied and documented this unique wolf for years, unravelling the many mysteries surrounding his life. Her documentation of Takaya's journey, his life on the islands and the development of their deep connection is presented alongside a stunning collection of her photography. Through journal entries, interviews, and a stunning collection of photography, Takaya: Lone Wolf addresses a number of profound questions and tells a story that is certain to inspire, enlighten, and touch the heart. It is the story of a wild animal, alone yet at peace.

So many people think Akela is a wolf that she starts to believe them, but after exploring the world outside her home, she returns to her pack--the Parker family.
