Small business taxes taxing you out? For most business owners, their single biggest "expense" (and headache) is dealing with their taxes. And while the just passed Congressional tax bill reduced taxes for many of the estimated 30 million small business owners in the U.S., the nation's taxes continue to be complex. Not being up-to-speed on tax rules and strategies can lead to mistakes that cost business owners thousands of dollars in fines and penalties every year. *Small Business Taxes For Dummies* assists both current and aspiring small business owners with important tax planning issues, including complete coverage of the tax changes taking effect in 2018, creating an ongoing tax routine, dealing with the IRS, and navigating audits and notices. Includes issues influencing incorporated small businesses, partnerships, and LLCs Offers expanded coverage of other business taxes including payroll and sales taxes Provides websites and other online tax resources Gives guidance to millennials juggling multiple gigs If you're a current or aspiring small business owner looking for the most up-to-date tax planning issues, this book keeps you covered.

The tax facts and strategies that every small business owner needs to know for their 2020 tax return and year-round planning Owning a small business is a big responsibility. While all small business owners seek to improve their bottom line, few realize all the ways that both current and new tax laws can help them do so. With J.K. Lasser's *Small Business Taxes 2021* you'll quickly discover how. Written in a straightforward and accessible style, this reliable resource offers a complete overview of small business tax planning and provides you with the information needed to make tax-smart decisions throughout the year. Focusing on strategies that help you use deductions and tax credits effectively, shield business income, and maximize other aspects of small business taxes, this practical guide will show you how your actions in business today can affect your bottom line from a tax perspective tomorrow. It also shows COVID-19-related refund opportunities to improve your cash flow. In this fully updated volume, you'll find: Detailed coverage of the newest tax laws, court decisions, and IRS rulings Planning strategies that can help you run a tax-smart business all year long Comprehensive information on each available write-off, such as the QBI deduction, as well as dollar limits and record-keeping requirements Clear instructions on where to report income and claim deductions and credits on your tax forms Guidance on tax implications for PPP loans, opening or closing a business, running a sideline activity or multiple businesses, and succession planning Help with state taxes and a guide to information returns you may need to file Sample forms and checklists to help you prepare for tax time

"Create a business tax strategy that will save you time, energy, and money. Getting your tax matters on track will free up your time to do what really counts: run a profitable business. *Tax Savvy for Small Business* shows you how to: deduct operating expenses, deduct travel, vehicle, and meal expenses, take advantage of tax credits, write off long-term assets, compare business structures, keep solid business records, and handle an IRS audit. This completely updated edition of *Tax Savvy for Small Business* covers new tax rules under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and how those rules affect small business owners"--Page 4 of cover.

This tax guide is essential reading for all self-employed business owners (sole traders and partnerships). It contains over 50 chapters of practical, tried and tested tax saving techniques that your business can implement year-in, year-out, illustrated with easy to follow examples. Even those with substantial tax knowledge will uncover many useful nuggets that will help them pay less income tax, national insurance, VAT, capital gains tax and inheritance tax. The 9th edition was published in October 2021 and is completely up to date. Subjects covered include: All the latest tax changes plus future tax changes Full details of the recently announced Health & Social Care Levy and how this affects business tax planning. How to claim a bigger tax deduction when you work from home Paying tax-free salaries to your spouse and children How to claim a bigger tax deduction for travel expenses (flights, hotels, meals) How to make some entertainment costs tax deductible Claiming tax relief for bad debts and losses Tax saving strategies for e-commerce businesses Capital allowances - how they're calculated and how to maximise your claim Seven chapters on motoring tax issues (cars, vans, fuel, VAT, leasing etc) How to maximise the tax relief on your borrowings Four chapters dealing with property tax planning Tax-free benefits that can be paid to your employees Year-end tax saving strategies How to pay less VAT How to qualify for Business Asset Disposal Relief (10% capital gains tax) Inheritance tax - Everything you need to know about Business Property Relief The benefits and drawbacks of using the cash basis The new edition also has a detailed chapter on the major proposed changes to the way sole traders and partnerships' accounting periods will be treated from 2023/24 and beyond - including tax planning strategies to make the most of the proposed changes.

*Tax Strategies for the Small Business Owner: Reduce Your Taxes and Fatten Your Profits* will help the small business owner increase profits while feeling more comfortable dealing with taxes. It begins by looking at the often overlooked critical decision small business owners face when they start a business: the choice of business entity. The book then examines all the deductions that a business owner can take legally to reduce taxes. It also provides advice business owners need to make good tax-related decisions: Should I lease or buy? Should I hire an employee or outsource the task? How much will buying a building reduce my taxes and for how long? Many people freeze up when they are forced to prepare or even think about taxes. Some receive a notice from the IRS and put it aside: They're too scared to open it! Yet taxes for the most part follow common sense rules. You just need to know what they are and how they affect your decisions. In this book, readers will learn about the different business entities, the different taxes you must deal with (primarily income taxes), documentation procedures, how to work with a tax professional, how to handle an audit, and, in general, how to use the U.S. Tax Code to your advantage. Among other things, readers learn to take full advantage of tax benefits and avoid potholes hidden in things like: Startup and ongoing expenses Cost of goods sold Depreciation Payroll Retirement plans In short, *Tax Strategies for the Small Business Owner* will not only help you relax when you deal
