Provides less mathematically minded students with a gentle introduction to basic mathematics and some more advanced topics. Covering algebra, trigonometry, calculus and statistics, it manages to combine clarity of presentation with liveliness of style and sympathy for students' needs. It is straightforward, pragmatic and packed full of illustrative examples, exercises and self-test questions. The essentials of formal mathematics are lucidly explained, with terms such as 'integral' or 'differential equation' fully clarified. Provides a gentle introduction to basic mathematics and some more advanced topics Systematically covers algebra, trigonometry, calculus and statistics Contains illustrative examples, exercises and self-test questions

These resources have been created for the Cambridge IGCSE® and O Level Additional Mathematics syllabuses (0606/4037), for first examination from 2020. The Cambridge IGCSE® and O Level Additional Mathematics Practice Book works alongside the coursebook to provide students with extra materials so they can practise the required syllabus skills. The exercises have further worked examples to help students approach the questions within. Answers are provided in the back of the book.

If you paid attention to Homework for Grown-ups you should hopefully now have a grasp of the basics: know your chiasmus from your zeugma, your obliques from your acutes, and your Anne of Cleves from your Anne Boleyn. Now, sit up straight, and get your jotters and pencils out, because E Foley and B Coates are back to steer you through some of the more complicated elements of the curriculum and beyond. Advanced Homework for Grown-ups will revisit and refresh the core subjects of Maths, English, Science, Geography, History and Classics in a little more depth. This time, amongst other topics, they tackle logarithms, unlock the secrets of semantics, and explore the Agrarian Revolution, with a mix of really useful information and entertainingly esoteric material. In addition, new subjects enter the timetable: Music, Modern Languages, Economics, Politics, Philosophy and Psychology, as well as Design and Drama. Packed with fun practical exercises and, of course, examination papers for the competitive, Advanced Homework for Grown-ups will be the perfect gift.
