Sixteen-year-old Frederick has a lot of rules for himself. Like if someone calls him Freddy he doesn't have to respond; he only wears shirts with buttons and he hates getting dirty. His odd behavior makes him an easy target for the "Despisers" at school, but he's gotten used to eating lunch alone in the Reject Room. Angel, in tenth grade but already at her sixth school, has always had a hard time making friends because her family moves around so much. Frederick is different from the other kids she's met - he's annoyingly smart, but refreshingly honest - and since he's never had a real friend before, she decides to teach him all her rules of friendship. But after Angel makes a rash decision and disappears, Frederick is called in for questioning by the police and is torn between telling the truth and keeping his friend's secret. Her warning to him - don't tell, don't tell, don't tell - might have done more harm than good.

Stay up all night with this modern day Rebecca! Perfect for fans of Truly Devious--a haunting story about a new girl in an old town filled with dark secrets . . . that might just kill her. People say the house is cursed. It preys on the weakest, and young women are its favorite victims. In Louth, they're called the Dead Girls. All Bram wanted was to disappear--from her old life, her family's past, and from the scandal that continues to haunt her. The only place left to go is Louth, the tiny town on the Hudson River where her uncle, James, has been renovating an old mansion. But James is haunted by his own ghosts. Months earlier, his beloved wife died in a fire that people say was set by her daughter. The tragedy left James a shell of the man Bram knew--and destroyed half the house he'd so lovingly restored. The manor is creepy, and so are the locals. The people of Louth don't want outsiders like Bram in their town, and with each passing day she's discovering that the rumors they spread are just as disturbing as the secrets they hide. Most frightening of all are the legends they tell about the Dead Girls. Girls whose lives were cut short in the very house Bram now calls home. The terrifying reality is that the Dead Girls may have never left the manor. And if Bram looks too hard into the town's haunted past, she might not either.

"Show, don't tell is probably the single most-important piece of advice given to writers. But many writers struggle to understand this powerful principle or have difficulty applying it to their own work. Even experienced authors sometimes don't grasp the finer nuances of showing and telling. In this book, Sandra Gerth draws on her experience as an editor and best-selling author to show you how to show and tell you when to tell. Each chapter includes concrete examples and exercises that will hone your writing skills." - Back Cover

The provocative and long-overdue book about how Newfoundlanders were deceived by Canada and Britain, now available as a trade paperback. The true story, drawn from official documents and hours of personal interviews, of how Newfoundland and Labrador joined Confederation and became Canada's 10th province in 1949. A rich cast of characters--hailing from Britain, America, Canada and Newfoundland--battle it out for the prize of the resource-rich, financially solvent, militarily strategic island. The twists and turns are as dramatic as those in any spy novel and extremely surprising, since the "official" version of Newfoundland history has held for over 50 years almost without question.
